**STANDARD FORM 30** (REV. 10-83)  
Prescribed by GSA  
FAR (48 DFR) 53.243

1. The labor hours shown in Attachment D do not list Skill level 19, wiring Installation Technician, or Skill level 21, Automated Information Systems (AIS) Specialist. Do you intend for us to bid these categories with no hours, or will you provide hours for each category? Further, Skill Level 13, System Administrator, and Skill Level 15, Network Technician, carry no hours on the chart. Should we provide rates for these labor categories and bid them with zero hours?

RESPONSE. See Amendment 03, Question Nos. 6, 14, 24 and 28

2. Attachment D does not provide dollar values for the amount of Travel and ODCs anticipated on this contract. Since the requirements for each will vary depending on the number and type of task order issued, would the Government provide baseline numbers for these elements so all bidders may be evaluated on an equal basis?

RESPONSE: See Amendment 03, Question 31.

3. Do you expect to issue a “transition” task for the start-up of this contract? If yes, how many task orders do you initially expect to issue to the contractor and for how many different DFAS locations? If no, how does the Government expect the contractor to account for these costs? We would still need these metrics to allow us to develop internal costs so we may account for them in our rate structure.

RESPONSE: No there will be no transition task order issued. The BPA/Task Orders will be based on labor hours.

4. You have asked for a labor rate for the Program Manager? The number of hours to be bid would indicate multiple persons will be needed for this position. Do you expect that the service for these individuals will be bid as hours on each Task Request, or will you be issuing a “management type” task for Program manager Support?

Response: No program management task order will be issued. The Program manager’s hours will be included in each task order. See amendment 03, Question No. 6 and 13.

5. If the BPA is issued to multiple companies, how do you intend to submit task request to the companies? Will each winner be allowed to bid on all tasks or will a specific task be directed to a particular vendor?

RESPONSE: See amendment 03, Question NO. 34.
